The directory's content was collected and prepared by IMPACT, with design by Third Sector Creative. Special thanks to the Center for Urban Population Health for their assistance in creating the maps in the back of the Directory.

We are grateful to the United Way of Greater Milwaukee and Waukesha County for funding support.

MILWAUKEE HEALTH CARE PARTNERSHIP

January, 2017

The *Safety-Net Clinic Referral Directory* is a comprehensive inventory of the free and community clinics, community health centers and other safety net providers that serve low-income, uninsured and vulnerable populations in Milwaukee County.

It contains essential information about more than 60 primary care, dental, mental health and specialty clinics – providing a variety of information including hours, payment practices, languages spoken, and types of clinical services and screenings offered.

The directory is a resource for hundreds of providers, care managers, health and human service professionals and IMPACT 2-1-1 community resource specialists, in their support to individuals seeking free and low-cost health care services.

The referral directory is also available online at www.mkehcp.org and www.impactinc.org. We recognize that the scope of services available through these clinics may change from time to time and encourage users to confirm information directly with community clinic partners prior to making a referral. For the most up-to-date information on community resources, please visit impactinc.org or dial 2-1-1.

Joy Tapper, Executive Director
Milwaukee Health Care Partnership

Note on Information in this Directory

Information in this Referral Directory was provided by staff and volunteers at the clinics included.

Clinics were given multiple opportunities to verify that information was entered correctly. If a clinic did not verify the information in time for print, it is noted at the bottom of the page.

Deliberate efforts were made to reduce errors or omissions, but if data errors are found in this directory, please report them to resourcechange@impactinc.org

Medical Clinic Designation:

Free or Charitable Clinic indicates a clinic that provides care free of charge or on a sliding fee scale.

FQHC indicates a clinic that is a Federally Qualified Health Center.

For the most up-to date information on any clinic in this guide, please visit impactinc.org or dial 2-1-1.
