Connecting Milwaukee to Health Care Coverage

This directory was developed as a referral guide for IMPACT 2-1-1, human service agencies, community health workers and other stakeholders to help Milwaukee County residents secure enrollment assistance in public health benefits or private health insurance through the Marketplace. The directory is updated on a routine basis. Please check www.mkehcp.org or call 2-1-1 for the most recent enrollment site information.

The Milwaukee Health Care Partnership and Covering Wisconsin are co-conveners of the Milwaukee Enrollment Network, a public/private consortium organized to support Milwaukee County residents in securing adequate and affordable health insurance.

We are very grateful to the members of the Milwaukee Health Care Partnership, the Greater Milwaukee Foundation’s Anita B. Steinman Fund, the Greater Milwaukee Business Foundation on Health, and the United Way of Greater Milwaukee and Waukesha County for their funding support of enrollment outreach and education resources.
